TEN HIGH SCHOOL GRADUATES STAND ON LIFE'S THRESHOLD

Commencement Exercises
Held at School Hall
Last Night

DIPLOMAS ARE PRESENTED

Dr. T. M. Faddis Makes Address to the Class in Behalf of School Board.

The commencement exercises of the class of 1910, Charleroi High School, were held last night, and ten young people received diplomas as graduates. The exercises were specially impressive, and School Hall was crowded with relatives and friends of the members of the class.

The class, with Superintendent of Schools James G. Pentz and Dr. T. M. Faddis of the Board of Education, were seated upon the stage, the girls dressed in gowns of white, each carrying a bouquet of the class flower, white roses, and the boys dressed in somber black, and wearing bouquets of roses. The members of the class were:

Ethel Edith Jackson, Cecelia C. Teitelbaum, Kirke Allen McLain, Mattie Hazel Kelley, Rosa E. Vetter, Norvan W. Kietler, Della May Jacobs, John Owen Martin, Elma May Lutes, Jessie Brown Frye. The stage was decorated in the class colors, green and white, with the insignia "1910" conspicuously displayed.

The invocation was said by Rev. J. T. Hackett. Miss Rosa Vetter read an essay on "The Wonderful Works of Man." Taking as her foundation that man is equipped with a mind which he must use she brought out many good points, showing plainly that talent is not so much real talent as it is hard work and the grasping of every opportunity.

John Martin gave an oration on "Education as a Source of Happiness." He said that there was no room for the idle man, and that ignorance was voluntary and brought out the point that true happiness is only through constant employment, striving for the best the world affords.

Norvan Kietler rendered a violin solo, "Simple Aveu," for which he was tendered much applause. Miss Jessie Frye gave an oration, "The Sphere of Woman," in which she pointed out that woman's place is mainly the home which duty demands that she cherish and build up. She said that woman is not the inferior personage socially, educationally, nor otherwise, that she was in former ages.

Miss Mattie Kelley recited Holm's "The Wonderful One Hoss Shay" with good effect. She was the recipient of much applause for her worthy effort. Miss Elma Lutes read an essay, "The Value of a Controlled Will." She said that mind was the throttle by which a life was guided, and in connection denied "Will" as the force of purpose. She gave as essentials which we must cultivate to gain the most in life, kindness, patience, truthfulness, self reliance, and honesty, all of which she represented as the results of a controlled will.

Kirke McLain gave an oration on the theme, "One Phase of American Industrial Progress," representing that phase to be the foreign element which America is continually receiving. He said that many industrial pursuits were governed by foreigners, to advantage or disadvantage, as the case might be.

Miss Della Jacobs rendered with

Vacations.

Since the close of school yesterday there has been an exodus of the school teachers for their various homes or places where they will spend their vacations. Among those who departed today and their places of destination were: Miss Lottie McClure, Washington; Miss Daisy K. Porch, Johnston; Miss Mary Kelly, Davistown; Miss Martha G. Taggart, Washington; Miss Maybelle King, Bradford; Miss Grace Zillmore, Grove City; Miss Grace Iams, Amity.

CRICKET NOT IN IT WITH BASEBALL AS A REAL SPORT

"Baseball is the finest game I ever saw" enthusiastically declared a recent resident of Great Britain, who not long ago came to America, and who saw his first game played at the opening of the Church League in Charleroi. "The game has cricket and all other English games beaten in every way," he continued, "and is cleaner, and a thorough pastime." There is opportunity for not only development physically, but also mentally in baseball, such as would be impossible in the national English game of cricket. I have become converted to the American game, and shall stretch a point now and then to see all the contests I can," he concluded.

good effect, "Silver Stars," a mazurka by Carl Bohn, on the piano and was tendered quite an ovation. Miss Cecelia Teitelbaum, in defining the beauties of life, took up the theme, "The Garden of Yesterday," and asked the question "Shall we live in the garden of yesterday?" She said that we should not strive to always pick a "bed of roses."

Miss Ethel Jackson spoke of the child problem in her oration "The Cry of the Children." She gave figures of the shameful abuse of young children in England and America, and pleaded for better conditions. She made a point that while the American people were fighting the White plague in one way, they were developing it in another by keeping children employed in factories and places where the disease is contracted.

Dr. T. M. Faddis presented the diplomas to the members of the class with a few appropriate remarks. He spoke of education as the result of the quality of citizenship, and besought the members of the class to make the most of their opportunities for advancement.

Rev. A. M. Doak gave the benediction. Basson's orchestra furnished music for the commencement exercises, and rendered several selections. The Basson orchestra is a Charleroi organization and by its performance last night and the night before as well as on previous occasions, has gained quite a reputation.

FAMILY TO PLAY BALL CHILDREN RUN RACES

Mason Brothers Team will
Contest with Strong Christian Team

Manager Bob McGowan of the Christians and Coach Joe Mason of the Lutherans arranged last evening for a game on Saturday June 18, at the ball park here, which will be an unique event in the baseball annals of Charleroi. The Christians, who are leading the Church League, will contest with the "Mason Brothers" team from Pittsburgh, the latter nine being made up of Joe Mason and his five brothers, with "Lefty" McIlveen of Penn State doing the twirling and Larry Vorhis, State's famous quarterback, catching. The entire infield will be composed of the Mason brothers, with the two in the outfield and "Bull" McCleary holding down the other outfield position. The game should prove one of the most interesting ever played here and the proceeds will go to the Church League.

All six of the Mason brothers have had either college or prep school baseball experience and all have been captains of their respective teams, as shown by the following list:

Dean K. Mason, left field, varsity captain, University of Pittsburgh, '04.
Earl D. Mason, short, varsity captain, West Virginia University, '07.
Harry D. Mason, third, varsity captain, Penn State, '07.
Dale R. Mason, second, captain Junior class team, State, '10.

Charles D. Mason, first, captain, Allegheny High School, '08.
Davis M. Mason, right field, captain elect, Allegheny High School, '11.

As the Mason boys are all home on a family reunion for June 19, they will get together for this game on the 18th. For three years past the Mason Brothers team has won double-headers on July 4 at Aspinwall, Carnegie and Coiroopolis, and they hope to get another victory in this coming game with "Lefty" McIlveen doing the twirling.

Submits His Record

Elsewhere in this issue is published a letter from Congressman J. K. Tener to his constituency, in which he makes announcement of his candidacy for renomination in this district. The letter is addressed to J. L. Holmes of Beaver, chairman of the Republican committee of that county.

This announcement is brief, clear-cut and decisive. Mr. Tener states that during the year he has been in Congress he has endeavored by his official acts and whatever personal influence he has possessed to secure the greatest benefits for the district he has the honor to represent, and at the same time to support those important National legislative measures to which the Republican party now stands pledged. Being a Republican, and elected to Congress as such by the majority rule on which this representative Government is founded, Mr. Tener believes that all Republicans should uphold and strengthen the hands of the President and his administration in order that the policies to which both Roosevelt and Taft are committed may be enacted into law.

On this brief declaration Mr. Tener submits his record to the voters of the district. This record, brief as it has been, is important, not only to this district, but to the whole Nation. The work of the Rivers and Harbors committee, of which Mr. Tener was one of the most active members, marks an era in the inland water ways development, which when carried out to completion, is as important to the inland commerce of our country as is the construction of the Panama canal to the commerce of the world. The people of Pennsylvania are committed to the Roosevelt policies and no representative can aid in carrying out these policies in this district at the present time so expeditiously as Mr. Tener.

Reform Backwards.

It is understood that the State Election Commission, which was appointed to draw up plans for reforming and simplifying elections, is in favor of abandoning the secret ballot of the uniform primary law, and will recommend a return to the old vest pocket

methods of distributing ballots in advance of the primaries, just as was done before the secret ballot came into effect. If such a recommendation is made, it should receive the united protests of all good citizens. It would be a step backward, and an abandonment of ballot reform.

There is no good reason why the secret ballot of the primary should be abandoned at the primary election any more than at the general election. If one is to be abandoned, it should be the general ballot rather than the primary ballot. It is at the primary that slated nomination work the most harm, and the reason why the secret ballot of the primary is not popular with politicians is because they cannot dictate nominations. The uniform primary law has effected the most radical reforms in this State, and to return to the old method of peddling ballots and dictating to voters would be reform of the backward order.

To the the Republican Voters of Washington County:

Explanatory Letter from Congressman J. K. Tener, Candidate for the Re-Nomination in the Twenty-fourth District.

Washington, D. C. May 9, 1910.

Mr. J. L. Holmes,
Beaver, Pa.

Dear Sir:—

As Congress is now, and will likely remain in session until after the coming primaries on June 4th, next, the opportunity and pleasure of seeing you before that date will possibly not be afforded me; hence I am obliged to take this method of advising you of my candidacy for the Republican nomination for Congress in the 24th district, and ask your support.

During the year which has now elapsed since I first took my seat in the Lower House of Congress, I have endeavored, by my official acts, and with whatever personal influence I might have, and as a member of Rivers and Harbor Committee, to secure the greatest possible benefits to the district which I have the honor to represent, and at the same time favoring those important National legislative measures to which the Republican party now stands pledged.

All Republicans who believe in majority rule, upon which rule this representative Government is founded, should uphold and strengthen the hands of the President and his administration; that the policies to which both Roosevelt and Taft are committed may be enacted into law.

To you and to every voter of this district my record in Congress is submitted.

Respectfully,

J. K. TENER.

SUMMER VACATIONS

The time is coming for summer outings. Have you thought about yours yet?

No country on the face of the globe contains so many delightful summer resorts as the United States, with its near neighbor, Canada.

The Pennsylvania Railroad will issue its popular Summer Excursion Book on June 1, and you will find it a wonderful help in plotting out your summer trip.

If you have grown tired of the resort you have visited for years, you may make a selection from this book for a stay of a day, a week, a month, or the whole summer.

You may plot out an extended tour covering mountain and seashore, or a fishing trip, or a hunting jaunt, by rail or boat or a combination of both.

Any ticket Agent on the Pennsylvania Railroad will be glad to furnish a copy of this valuable book for Ten Cents, or it will be mailed you postpaid, on receipt of Twenty-five Cents, by Geo. W. Boyd, General Passenger Agent, Philadelphia, Pa.

Russian Revolution
 The Russian Revolution has absolutely no mercy on those who betray them. It is well known that in the year 1903 a traitor caught at Odessa was bricked up alive in a cellar.

Regnier, a French spy in the pay of the Russian police, for a long time eluded the vengeance of the revolutionaries. But they caught him at last and that just at the moment when he fancied himself safe. His body was found in his cabin on a ship which reached Antwerp. He had been suffocated by fumes of sulphureted hydrogen. How this was done was never discovered.

The Old Time Album.

"The terrors of the autograph album" must have been more general in the middle of the last century than they are now. The volume had embossed pages of various colors and showed alternate literature and art original verses and drawings of ruins and bridges heightened with water color. Girls presented it for contributions so universally that Charles Dickens was on one occasion much astonished to find none forthcoming. He had actually brought with him some verses addressed to a beautiful maiden, on whose parents he was calling, and he carried them away again sending them to her by post, he wrote. "I had meant to put those lines into your album, but you who do nothing like anybody else, did not produce one."—London Standard

NERVOUS DYSPEPSIA

If You Aave It, Read This Letter. Mi-o-na Is Guaranteed.

"I was taken last August with a severe stomach trouble. The doctor said it was nervous dyspepsia. I took his treatment four weeks, but did not feel any better. I took everything I heard of. The first day of December, 1908, I got a box of Mi-o-na. I took them that afternoon and the next day and haven't had one bit of pain in my stomach since 2nd of December. I took five boxes. Feel well now, and sleep good—Mrs. M. E. Maxfield. R. F. D. 2, Avoca, N. Y.

Mi-o-na is surely the best prescription for indigestion ever written. It relieves after dinner distress, belching of gas, foul breath, heartburn, etc., in five minutes.

It is guaranteed to permanently cure indigestion, acute or chronic, or any disease of the stomach or money back.

Is Your Porch Useless Half The Day?

Make it a CHARM and a COMFORT ALWAYS

will make the sunniest, breeziest porch an inviting all-day living room, where you can read, sew, play games, or take a nap in perfect comfort. At night, a protected sleeping place for those who sleep out-of-doors in pleasant weather.

Vudor Porch Shades

shut out all sun-glare and wind, but let in ample light and air

They give the *insider* plenty of outlook, but the *outsider* gets no inlook. They really add another room to your house, as secluded and private as any and unapproached for healthful enjoyment, at a cost so low that it will surprise you.

The way Vudor Porch Shades are made, accounts for their great superiority. The slats are of tough, straight-grained wood, stained (not painted) in pleasing colors. And the warp is of seine twine, such as is used for fishing nets. They have heavy strips top and bottom, and are supplied with the best possible fixtures. They last for years and do not frizzle out at the ends, nor warp out of shape, as do the cheap bamboo screens.

Anyone who has a screw-driver can quickly put them up. They are easily raised or lowered and may be fastened at any desired height.

The only place to buy them in Charleroi is here.

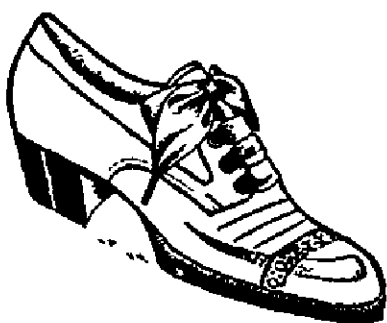

We have a full line which we are as glad to demonstrate as we are to endorse.

TEN HIGH SCHOOL GRADUATES STAND ON LIFE'S THRESHOLD

Commencement Exercises
Held at School Hall
Last Night

DIPLOMAS ARE PRESENTED

Dr. T. M. Faddis Makes Address to the Class in Behalf of School Board.

The commencement exercises of the class of 1910, Charleroi High School, were held last night, and ten young people received diplomas as graduates. The exercises were specially impressive, and School Hall was crowded with relatives and friends of the members of the class.

The class, with Superintendent of Schools James G. Pentz and Dr. T. M. Faddis of the Board of Education, were seated upon the stage, the girls dressed in gowns of white, each carrying a bouquet of the class flower, white roses, and the boys dressed in somber black, and wearing bouquets of roses. The members of the class were:

Ethel Edith Jackson, Cecelia C. Teitelbaum, Kirke Allen McLain, Matthe Hazel Kelley, Rosa E. Vetter, Norvan W. Kistler, Della May Jacobs, John Owen Martin, Elma May Lutes, Jessie Brown Frye. The stage was decorated in the class colors, green and white, with the insignia "1910" conspicuously displayed. The invocation was said by Rev. J. T. Hackett. Miss Rosa Vetter read an essay on "The Wonderful Works of Man." Taking as her foundation that man is equipped with a mind which he must use she brought out many good points, showing plainly that talent is not so much real talent as it is hard work and the grasping of every opportunity.

John Martin gave an oration on "Education as a Source of Happiness." He said that there was no room for the idle man, and that ignorance was voluntary and brought out the point that true happiness is only through constant employment, striving for the best the world affords. Norvan Kistler rendered a violin solo, "Simple Aven," for which he was tendered much applause. Miss Jessie Frye gave an oration, "The Sphere of Woman," in which she pointed out that woman's place is mainly the home which duty demands that she cherish and build up. She said that woman is not the inferior personage socially, educationally, nor otherwise, that she was in former ages.

Miss Matthe Kelley recited Holm's "The Wonderful One Hoss Shay" with good effect. She was the recipient of much applause for her worthy effort. Miss Elma Lutes read an essay, "The Value of a Controlled Will." She said that mind was the throttle by which a life was guided, and in connection denoted "Will" as the force of purpose. She gave as essentials which we must cultivate to gain the most in life, kindness, patience, truthfulness self reliance, and honesty, all of which she represented as the results of a controlled will.

Kirke McLain gave an oration on the theme, "One Phase of American Industrial Progress," representing that phase to be the foreign element which America is continually receiving. He said that many industrial pursuits were governed by foreigners, to advantage or disadvantage, as the case might be.

Miss Della Jacobs rendered with

Since the close of school yesterday there has been an exodus of the school teachers for their various homes or places where they will spend their vacations. Among those who departed today and their places of destination were Miss Linnie McClure, Washington; Miss Daisy K. Porch, Johnston; Miss Mary Kelly, Davistown; Miss Martha G. Taggart, Washington; Miss Maybelle King, Bradford; Miss Grace Zillofro, Grove City; Miss Grace Iams, Amity.

CRICKET NOT IN IT WITH BASEBALL AS A REAL SPORT

"Baseball is the finest game I ever saw" enthusiastically declared a recent resident of Great Britain, who not long ago came to America, and who saw his first game played at the opening of the Church League in Charleroi. "The game has cricket and all other English games beaten in every way," he continued, "and is cleaner, and a thorough pastime." There is opportunity for not only development physically, but also mentally in baseball, such as would be impossible in the national English game of cricket. I have become converted to the American game, and shall stretch a point now and then to see all the contests I can," he concluded.

good effect, "Silver Stars," a mazurka by Carl Rohn, on the piano and was tendered quite an ovation. Miss Cecelia Teitelbaum, in defining the beauties of life, took up the theme, "The Garden of Yesterday," and asked the question "Shall we live in the garden of yesterday?" She said that we should not strive to always pick a "bed of roses." Miss Ethel Jackson spoke of the child problem in her oration "The Cry of the Children." She gave figures of the shameful abuse of young children in England and America, and pleaded for better conditions. She made a point that while the American people were fighting the White plague in one way, they were developing it in another by keeping children employed in factories and places where the disease is contracted.

Dr. T. M. Faddis presented the diplomas to the members of the class with a few appropriate remarks. He spoke of education as the result of the quality of citizenship, and he sought the members of the class to make the most of their opportunities for advancement. Rev. A. M. Doak gave the benediction. Bosson's orchestra furnished music for the commencement exercises, and rendered several selections. The Bosson orchestra is a Charleroi organization and by its performance last night and the night before as well as on previous occasions, has gained quite a reputation.

Submits His Record

Elsewhere in this issue is published a letter from Congressman J. K. Tener to his constituency, in which he makes announcement of his candidacy for renomination in this district. The letter is addressed to J. L. Holmes of Beaver, chairman of the Republican committee of that county.

This announcement is brief, clear-cut and decisive. Mr. Tener states that during the year he has been in Congress he has endeavored by his official acts and whatever personal influence he has possessed to secure the greatest benefits for the district he has the honor to represent, and at the same time to support those important National legislative measures to which the Republican party now stands pledged. Being a Republican, and elected to Congress as such by the majority rule on which this representative Government is founded, Mr. Tener believes that all Republicans should uphold and strengthen the hands of the President and his administration in order that the policies to which both Roosevelt and Taft are committed may be enacted into law.

On this brief declaration Mr. Tener submits his record to the voters of the district. This record, brief as it has been, is important, not only to this district, but to the whole Nation. The work of the Rivers and Harbors committee, of which Mr. Tener was one of the most active members, marks an era in the inland water ways development, which when carried out to completion, is as important to the inland commerce of our country as is the construction of the Panama canal to the commerce of the world. The people of Pennsylvania are committed to the Roosevelt policies and no representative can aid in carrying out these policies in this district at the present time so expeditiously as Mr. Tener.

Reform Backwards.

It is understood that the State Election Commission, which was appointed to draw up plans for reforming and simplifying elections, is in favor of abandoning the secret ballot of the uniform primary law, and will recommend a return to the old vest pocket

methods of distributing ballots in advance of the primaries, just as was done before the secret ballot came into effect. If such a recommendation is made, it should receive the united protests of all good citizens. It would be a step backward, and an abandonment of ballot reform.

There is no good reason why the secret ballot of the primary should be abandoned at the primary election any more than at the general election. If one is to be abandoned, it should be the general ballot rather than the primary ballot. It is at the primary that slated nominations work the most harm, and the reason why the secret ballot of the primary is not popular with politicians is because they cannot dictate nominations. The uniform primary law has effected the most radical reforms in this State, and to return to the old method of peddling ballots and dictating to voters would be reform of the backward order.

To the the Republican Voters of Washington County:

Explanatory Letter from Congressman J. K. Tener, Candidate for the Re-Nomination in the Twenty-fourth District.

Washington, D. C. May 9, 1910.

Mr. J. L. Holmes,
Beaver, Pa.

Dear Sir:—

As Congress is now, and will likely remain in session until after the coming primaries on June 4th, next, the opportunity and pleasure of seeing you before that date will possibly not be afforded me; hence I am obliged to take this method of advising you of my candidacy for the Republican nomination for Congress in the 24th district, and ask your support.

During the year which has now elapsed since I first took my seat in the Lower House of Congress, I have endeavored, by my official acts, and with whatever personal influence I might have, and as a member of Rivers and Harbor Committee, to secure the greatest possible benefits to the district which I have the honor to represent, and at the same time favoring those important National legislative measures to which the Republican party now stands pledged.

All Republicans who believe in majority rule, upon which rule this representative Government is founded, should uphold and strengthen the hands of the President and his administration; that the policies to which both Roosevelt and Taft are committed may be enacted into law.

To you and to every voter of this district my record in Congress is submitted.

Respectfully,

J. K. TENER.

SUMMER VACATIONS

The time is coming for summer outings. Have you thought about yours yet?

No country on the face of the globe contains so many delightful summer resorts as the United States, with its near neighbor, Canada.

The Pennsylvania Railroad will issue its popular Summer Excursion Book on June 1, and you will find it a wonderful help in plotting out your summer trip.

It contains descriptions of about eight hundred of the leading resorts of North America, lists of hotels and boarding houses at these various places, a map, routes and rates from the principal stations on the Pennsylvania Railroad, and other valuable information.

If you have grown tired of the resort you have visited for years, you may make a selection from this book for a stay of a day, a week, a month, or the whole summer.

You may plot out an extended tour covering mountain and seashore, or a fishing trip, or a hunting jaunt, by rail or boat or a combination of both.

Any ticket Agent on the Pennsylvania Railroad will be glad to furnish a copy of this valuable book for Ten Cents, or it will be mailed you postpaid, on receipt of Twenty-five Cents, by Geo. W. Boyd, General Passenger Agent, Philadelphia, Pa. 306
